Part I

Tutorial

1 I HelloWorld

HelloWorld! Here is a start of L^AT_EX.

2 II Maths

Here is a test of maths typing. First comes the inline one: $E = mc^2$. And the second one is a equation with a box in a new line:

$$\sum_{i=1}^n x^2$$

3 III Code block

Here is a test of code block.

```
1 #include<iostream>
2 using namespace std;
3 int main()
4 {
5     cout << "HelloWorld!"
6     return 0;
7 }
```

```
1 import main
```
